Below is a breakdown of the requirements of the Governor's latest Executive Orders, which establishes safeguards for employees leaving their residence to work and pursuant to Executive Directive 2020-6 which establishes the Office of Worker Safety.

**THE EO REQUIRES BUSINESSES TO MINIMALLY DO THE FOLLOWING:**

- **Develop** a COVID-19 preparedness and response plan consistent with OSHA guidelines - a fillable template can be found on the DHD2 COVID-19 website in the business guidance section
- **Designate** a work place supervisor to implement, monitor and report on the plan developed as a result of the above requirement
- **Provide** COVID-19 training to employees addressing infection control practices, proper use of personal protective equipment (PPE), steps to notify the employer of a positive test or symptoms, and how to report unsafe work conditions
- **Conduct** daily entry self-screening of employees including a questionnaire covering symptoms or confirmed exposure to positive people - employee screening forms can be found in the General Business Guidance document on the following web site: www.dhd2.org/business-guidance.
- **Maintain** a distance of 6 feet between all people at the business to the maximum extent possible using ground markings, etc.
- **Provide** non-medical grade facemasks to all employees
- **Require** face coverings be worn when employees cannot consistently maintain 6 feet of distance from each other
- **Increase** disinfection and cleaning of the business with special attention to shared objects and high-touch surfaces
- **Develop** protocols to be used for cleaning if there is a positive test at the location
- **Make** cleaning supplies available to employees upon arrival at work and allow time for them to wash their hands or use hand sanitizer frequently
- **Notify** the local health dept. and co-workers, contractors, or suppliers who may have come into contact with the person within 24 hours of having an employee test positive,
- **Follow** EO 2020-36 which prohibits any retaliating against employees who stay home or leave work when they are at particular risk of infecting others
- **Establish** a response plan to send employees home and temporary closure when dealing with a confirmed infection
- **Restrict** business related travel to essential travel only
- **Encourage** employees to use PPE and hand sanitizer on public transportation
- **Promote** remote work to the fullest extent possible
- **Adopt** additional reasonable infection control measures in light of the work performed at the location and the infection rate in the community
- **Maintain** records of employee training, daily screenings, and employees identified with COVID-19 and what steps were taken.
RESEARCH LABORATORIES THAT DO NOT PERFORM DIAGNOSTIC TESTING MUST:

- **Assign** dedicated entry point(s) and/or times into lab buildings.
- **Create** protocols and or checklists as necessary to conform to the facilities COVID-19 preparedness and response plan.
- **Suspend** all non-essential in-person visitors (including undergraduate students) until further notice.
- **Establish** and implement a plan for distributing face coverings.
- **Limit** the number of people per square feet of floor space permitted in a particular laboratory at one time.
- **Close** open workspaces, cafeterias, and conference rooms.
- **As necessary**, use tape on the floor to demonstrate socially distanced workspaces and to create one way traffic flow.
- **Require** all office and dry lab work to be conducted remotely.
- **Minimize** the use of shared lab equipment and shared lab tools and create protocols for disinfecting lab equipment and lab tools.
- **Provide** disinfection supplies and require employees to wipe down their work stations at least twice daily.
- **Implement** an audit and compliance procedure to ensure that cleaning criteria are followed.
- **Establish** a clear reporting process for any symptomatic individual or any individual with a confirmed case of COVID-19, including the notification of lab leaders and maintenance of a central log.
- **Clean** and disinfect the worksite when an employee is sent home with symptoms or with a confirmed case of COVID-19.
- **Send** any potentially exposed co-workers home if there is a positive case in the facility.
- **Restrict** all non-essential work travel, including in-person conference events.

ED 2020-6 creates the Office of Worker Safety and allows someone to be appointed Director of COVID-19 Workplace Safety. The latest EO establishes the workforce safety rules for all businesses across the state as the process of in-person work gradually returns. The Director of Workplace safety (and all agencies required to monitor compliance with workplace safety) will bring enforcement actions against any employer who violates these orders.
