Below is a breakdown of the requirements of the Governor’s latest Executive Orders, which establishes safeguards for employees leaving their residence to work and pursuant to Executive Directive 2020-6 which establishes the Office of Worker Safety.

THE EO REQUIRES BUSINESSES TO MINIMALLY DO THE FOLLOWING:

☐ Develop a COVID-19 preparedness and response plan consistent with OSHA guidelines - a fillable form can be found on the DHD2 COVID-19 website in the business guidance section.

☐ Designate a work place supervisor to implement, monitor and report on the plan developed as a result of the above requirement.

☐ Provide COVID-19 training to employees addressing infection control practices, proper use of personal protective equipment (PPE), steps to notify the employer of a positive test or symptoms, and how to report unsafe work conditions.

☐ Conduct daily entry self-screening of employees including a questionnaire covering symptoms or confirmed exposure to positive people - employee screening forms can be found on the DHD2 COVID-19 website in the business guidance section.

☐ Maintain a distance of 6 feet between all people at the business to the maximum extent possible using ground markings, etc.

☐ Provide non-medical grade facemasks to all employees.

☐ Require face coverings be worn when employees cannot consistently maintain 6 feet of distance from each other.

☐ Increase disinfection and cleaning of the business with special attention to shared objects and high-touch surfaces.

☐ Develop protocols to be used for cleaning if there is a positive test at the location.

☐ Make cleaning supplies available to employees upon arrival at work and allow time for them to wash their hands or use hand sanitizer frequently.

☐ Notify the local health dept. and co-workers, contractors, or suppliers who may have come into contact with the person within 24 hours of having an employee test positive.

☐ Follow EO 2020-36 which prohibits any retaliating against employees who stay home or leave work when they are at particular risk of infecting others.

☐ Establish a response plan to send employees home and temporary closure when dealing with a confirmed infection.

☐ Restrict business related travel to essential travel only.

☐ Encourage employees to use PPE and hand sanitizer on public transportation.

☐ Promote remote work to the fullest extent possible.

☐ Adopt additional reasonable infection control measures in light of the work performed at the location and the infection rate in the community.

☐ Maintain records of employee trainings, daily screenings and employees identified with COVID-19 and what steps were taken.
RESTATURANTS AND BARS MUST:

- **Limit** capacity to 50% of normal seating.
- **Create** communications material for customers to inform them of changes to restaurant or bar practices and to explain the precautions that are being taken to prevent infection.
- **Close** waiting areas and ask customers to wait in cars for a call when their table is ready.
- **Close** self-serve food or drink options, such as buffets, salad bars, and drink stations.
- **Provide** physical guides, such as tape on floors or sidewalks and signage on walls to ensure that customers remain at least six feet apart in any lines.
- **Post** signs at store entrances informing customers not to enter if they are or have recently been sick.
- **Post** signs instructing customers to wear face coverings until they get to their table.
- **Require** hosts and servers to wear face coverings in the dining area.
- **Require** employees to wear face coverings and gloves in the kitchen area when handling food, consistent with guidelines from the FDA.
- **Limit** shared items for customers (e.g., condiments, menus) and clean high-contact areas after each customer.
- **Train** employees on: use of personal protective equipment in conjunction with food safety guidelines, food safety health protocols, and how to manage symptomatic customers upon entry or in the restaurant.
- **Notify** employees if the employer learns that an individual with a confirmed case of COVID-19 has been there.
- **Close** restaurant immediately if an employee shows multiple symptoms of COVID-19 and perform a deep clean, consistent with guidance from the FDA and CDC.
- **Install** physical barriers at cash registers, bars, host stands, and other areas where maintaining physical distance of six feet is difficult.
- **Limit** the number of employees in shared spaces, including kitchens, break rooms, and offices, to maintain at least a six-foot distance between employees.
- **Require** six feet of separation between parties or groups at different tables or bar tops.

ED 2020-6 creates the Office of Worker Safety and allows someone to be appointed Director of COVID-19 Workplace Safety. The latest EO establishes the workforce safety rules for all businesses across the state as the process of in-person work gradually returns. The Director of Workplace safety (and all agencies required to monitor compliance with workplace safety) will bring enforcement actions against any employer who violates these orders.
